Are you feeling blue and sad trick-o? Is life getting you down? Do you need to "Get away from it all"? Well, you've come to the right place 'cause we got plenty instant relief! Yes sir! it's the CYCLEtoons travelin' salvation all-engrossing escape magazine! Fun! Games! Motorcycles! Girls! And of course we got Hogg Ryder and his arch foe the Ol' Poop in yet another mind-reducing escapade! New Talent galore! From down Texas way comes Joe Lanier with a clean, simple style that you should find relieving. On pages 34 and 35 is new face Larry Martin with a slick and groovy style, we think he's fab and would like to know what you think! Please let us know. Bill Hughes, the dude who paints the CYCLEtoons covers has taken a slight departure from the norm and it appears on pages 48 and 49. Anyone out there remember Jim Talmadge? Brother Jim is currently "doin" his thing for the U.S. Army and managed to slip us a four-page goodie this time; we think you'll dig it: So, if you don't find anything from all that talent maybe you should go to bed and forget all about it! We've gotten a fair response to the "OI" Poop's night out" contest and by next issue we will have the grand winner! But enough of this chit chat, on the greater and bigger things, like the letters section!

I enjoy your mag. It's the coolest anywhere. I just picked up my first issue, April, 1969. I am going to get a Yamaha 100 for my birthday. I dig girls and they dig me. I would like any girl between 12-13 to write sometime. Send me something to show that you have my letter. PHILLIP MORENO

831 Valley View Drive San Bernardino, Calif.

Hey, Phillip . . . . We got the letter!

Hi! I just read your fabulous mag. I especially liked "Hot Shoe" in your April issue. I'm 5'4", 15½, I have brown eyes and long, dark brown hair. I'm looking for a fabulous cowboy who rides a Harley or Triumph, who's between the ages of 16-19. Please write to:

MELISSA LEGG 5315 Clark San Antonio, Texas 78223 Every once in a while, I pick up a copy of your interesting (how else can it be described) magazine and I find it most entertaining, but one thing depresses me about it. I read in "Spoke Ups" all these neat letters from chicks who want guys to write to them - and at the end of the letter, I find out that the girl is 12 years old and wants to hear from boys between 12 & 14. I must be repressed or something, because I'm 21 and I still like silly, trashy magazines. How about a few words from chicks for a poor, broken-down old sailor. I'm 21 years old, have blonde hair, stand about 5'11" tall, love to ride dirt bikes and surf, dig all kinds of music, and have a lot of other characteristics which are too many and varied to write down here. The point is, I'm lonely and would like to get some mail. Since I'm presently employed by the United States Navy, address letters to: PETE SWANSON

PETE SWANSON 2101 Seville Ave. Balboa, Calif. 92661

Comic art IS still comic art . . . After all the Ol' Poop really digs the book, need we say what part?

I just picked up one of your mags, and I think its really a groove, especially Hogg Ryder and "good" Ol' Poop. I really dig cycles and female type girls, any of you girls between 12 - 14, drop a line. "So hang in there, baby." Keep up the good work.

WAYNE GONO 3756 Manana Dallas, Texas 75220

I just read your February issue. It's really boss. I've been reading CARtoons and man, when I latched onto CYCLEtoons I really flipped. I got a Honda 305 Super Hawk half chopped. I really dig bikes. I'm planning on getting a Harley chopper. I like traveling all over on my bike. Man, it's the only way to go. So go cycle! Any girls that dig boss cycles, and want to write me, I'm 17.

DICK STECHAUNER 815 N. 114 Street Wauwatosa, Wisconsin 53226

CARtoons? That sounds familiar!

I am really hip to your Webley-Vickers. Something I'd really be hipper to is if you could send me about an 8 x 10 picture of it with Hogg Ryder on it. I want to make a blow shot of it to put

in my room. I am also hip to CYCLEtoons too. I think you've been a little unfair to Hogg Ryder, the Ol' Poop keeps taking his broad away. Try to give Hogg Ryder a break. Webleys Forever!

BILL McKELLAR 1034 Stevenson Flint, Mich. 48504

That's the way life is, Bill! Some have it, some don't.

Hey, man, what's up? I really groove on your mag. I think it's up tight. Personally, I'm a Triumph lover but since my Uncle Sam called me, all I have left is my four wheeled Beep! Beep! I hope all you groovy looking chicks, or should I say females, drop me a few lines and possibly a pic of yourself. I'm a Connecticut guy with big plans of settling in California.

SP 4 TONY FERREIRA 91st LEMC box 202 APO New York 09067

Like W. P. Chrysler said, "Go West, Young Man!"

I dig your mag. Ol' Poop is really a cool dude, riding around on that Harley chopper. I am 14 and own a homemade motor bike that does 40 mph and still has power. I ride on public roads all the time, but the Fuzz still haven't caught me. Any girls 13 or 14 that are interested in a pen pal can write.

EUGENE LINK

39 Stewart St. Trafford, Pa. 15085

Public road, yeah! Did you know that a law has been passed to ban riding on public ground? like the desert an' we AIN'T kiddin'.

I just read the February issue of CYCLE-toons and believe it or not, I liked it! Especially Hogg Ryder, he's so cute. I loved reading every page of it! In fact, it was so good, I almost felt like buying that issue of CYCLEtoons. Tell you what, man, put in an ad for a groovy guy who wants to make it with a blonde 14 year old, and I'll buy an issue of your mag! Fair enough? Just one more thing, what on earth is a Webley-Vickers?

JEANNIE SKODA

Rt. 3 - Maywood Dr. Martin, Tenn. 38237 It's a deal! Now START BUYIN'!

I just finished reading your April issue. WOW! The OI' Poop sure did show up Hogg Ryder. While reading your rag, I happened to notice your first CYCLE-

toon book you turned out and Hogg Ryder looks taller and slimmer than now. Wot Happened? Keep up the good work. STEVE WALSH

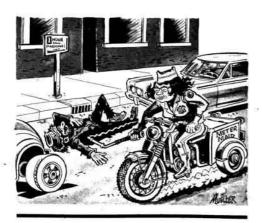

STEVE WALSH 256 Delaware Ave. Chatham, Ont.

Chatham, Ont.
Oh, Ol' Hank goes thru changes an all, but we still love him . . .

Hi, this is letter from a Bonnie. I dig your whole mag, and am a regular fan of it. I buy every issue. Hey, what gives, how come Ol' Poop gets all the girls, what's he got anyway? Also, what happened to Aries Horoscope? Please make up a copy as it is my sign. I'm glad you've got a pen pal page. I've gotten a lou've been successful, especially for the lonely cycle lovers. Keep up your groovy stuff, and tell Ol' Poop I'm entering the contest. Hogs Forever.

BONNIE LU LA MANNA 808 14th Street Watervliet, New York 12189

Is your boyfriend named Clyde, by any chance?

I am writing you because I blew my mind on Henrietta Hog. Man, like I really dug that fat broad. I sure would like to know where I could get a big color poster of her to hang up in my room. Man, I sure wish you could help me with this.

STEVE GORALSKI 81235 Church Street Memphis, Mich.

That's a boss idea, Steve, but we can't do it — so you'll have to make do with the page, but thanks!

I dig your mag. Not out of the ground, because it's too good. My main thing in the book is "Scarlet Streak." I wish you could put more about that cat in there. Don't tell the OI' Poop but I'm on Hogg Ryder's side. Everybody write! I'm 12, I think.

GEORGE OXFORD 818 S.E. Sanchez Ocala, Fla. 32670

The Ol' Poop will really trip out when he learns that S. S. is expanding SOON!

Hi there, Your Groovyness, I just thought I would drop you a line and tell you how much I like your mag. It's so groovy, even I buy it. Not to be self-centered, but I would like some of the groovy gals to write me. I like cycles and riders like Bart Markel (H-D) and Fred Nix (H-D)...

KEVIN FRANKS 1309 15th Street Orange, Texas 77630

You forgot to mention Brother Sammy Tanner!

I really dig your mag. I want to tell you guys something, Hogg Ryder is the best. Ol' Poop is kinda mixed up. I just want to ask you guys, what's so good about the Incredible Tanya, she's not so much of a woman for one man. I really like cycles and mini-bikes, In fact I won one, mini bike, that is. I'm 14 years old. If there's any cute chicks out there between 12 - 14 years old, blonde, who dig mini bikes and motorcycles, drop me a line. Oh, by the way, you guys really do write good stuff. Please print this or else!

NO NAME GIVEN
What would a 14 year old cat know about a fox like Tanya? Don't answer that!

Dear reader, Your mission, should you decide to accept, is to read this letter with caution. I just read Feb. '69 edition of Cycletoons. Of all the Webley-Vickers I've read about, "Spotlight of the Month" is the grooviest. This time dig up something I can really get at. This letter will self destruct as soon as possible.

BILLY KURN

BILLY KURN 356 E. Alluras Tucson, Arizona 85705

"Poof!"

I've ridden for a few years and enjoy the Harley material. One suggestion I would like to offer however. Cycles are ridden and a few 'toons about the bike's side of life should be aired. Too often idiots ride a good machine to death — simply to be explained that some idiots have coin to own 'em. I'm interested in seeing street customs and know of no single source of pics. I'm also interested in locating a primary cover for my '51 Hog. If you can help, I'd be grateful.

CHÜCK DAILY 3750 E. Sewell 324-B Denver, Colo. 80210

We'll put your letter up front and prehaps someone will pick up on it!

Listen to this, man, One day ago, I was riding on my bike and I hit a stupid parked car, so I told two of my friends to come over. I was in the front room reading your new CYCLEtoons. When I finished it, I went in to my room to put it away and these friends of mine tore down my beautiful stacks of SURFtoons, HOT ROD CARtoons, and CYCLEtoons, and you think you got troubles with Hank Hinton!

ED BOGGS 3917 Coolidge Ave. Los Angeles, Calif.

Yeah, Ol' Hank ain't THAT bad!

Hey, shouldn't you have more groovy things in your book like, "A loaf of bread, a Yamaha, and thou!" (or something like that) Why don't you make a page with that stuff on it?

KAREN MAGOTEAUX 252 Tyler Street Coalinga, Calif. 93210

Yeah, but what would we use for oneliners in the rest of the book?

I picked up one of your mags about a year ago and have been shelling out da coin for it ever since. It's fantabulous. In your April issue, ya got a spec sheet on a Webley-Vickers mini bike. It sounds like a groove but ya oughta raise the price to about a dollar-three-eighty (or a pound sixpence in layman's terms). How about, a few cute chicks in or about 17 layin' a few words on little ole me. You won't regret it. Hogs Forever.

R. W. "REB" TULL

R. W. "REB" TULL P.O. Box 1294 Derby, Kansas 67037 Man, you got a real swift mag. I just go wild about Hogg Ryder and the Ol' Poop. I also groove on the "Cycle Chix." I read your April issue and flipped for joy. Man, you guys know how to scribble somethin' fierce.

DENNIS SMITH 411½ N. Hart Street Princeton, Ind. 47570

I have written many letters to magazines such as yours but I have never had one printed. I am 16 years old and I think your magazine is reasonably cool. Any female between 14 and 16 who feels the same way I do about this magazine, please write me a long letter. Don't disappoint me. Print my letter.

RANDY WHATLEY P.O. Box 108 Arkoma, Okla. 74901

You got this one printed, Randy baby!

Wanted: girl type girls between the ages of 14 to 40. I'm an 18 year old guy that loves all girls anywhere. Ithink your mag is great. Keep up the good work.

JESSE BUCKLEY

JESSÉ BUCKLEY 2524 Bacon St. St. Louis, Mo.

Good luck, Buckley!

Man, I don't know who ever thought up CYCLEtoons, but whoever did, needs to get the Nobel Peace Prize or a mini bike or something. Your mag holds great stories, hey, how about a little more on mini bikes. TACO Mini Bikes forever.

RICKY TOUNLEY 316 Heiland Road Axtec, New Mexico

We have more mini-bike numbers on the board, as for the Nobel bit, give it to the cartoonists, they could HOCK IT!

Hey man! I just read your April '69 issue. This month's "Cycle Chix" is somethin' else. I wish any chick that looks groovy and digs cars and cycles between 13 and 15 would write me. I ride a 180 Yamaha and a Harley 900. Keep your mag coming. Harleys never die!

STEVE BOWLES

Ave. 1928295
Tulare, Calif.
. . . Not at the same time?

I always grab your magazine anytime I can, and, boy, it's really E—MC2! (That means groovy!) When I got my first one I did what I always do now with all of them, that is, I stay up for hours at a time every night to translate it! You have a sulphruric hot mag (that means boss). I'd like to test "Hogg Ryder" with a microscope and tweezers. How do you keep the OI' Poop alive? He looks like something out of the Prehistoric Age! (That means years ago). Keep reproducing (that means printing) your magazine! You guys are weeds in the flowers!

THE PROFESSOR Philadelphia, Pa.

That's the type of compliment we can relate to!

I just bought my second issue of CYCLEtoons. The first one was about 6 months ago. Man, this mag is a gas. This mag beats those others I've been reading by say 'bout a long shot. I wrote this letter for 2 reasons: (1) I want a chick, (2) to tell you about your mag, it's a gas. Please print this letter so a chick can scratch a few lines. ROGER DOUTT

1537 West Howett Peoria, Illinois 61605

O.K. Glad you can dig it! Some chick will write you — We guarantee it!

HILLCLIMBING IS MORE FUN THAN EARTH MOVING!

WAS THAT AN EARTH MOVING JOKE?

Since I am the only one in our gang who can read or write, I have been appointed to write you. We like your rag, but we have one complaint. We all ride Mo Peds. We have noticed that you have never cracked any jokes about our type of machines. All we are asking for is to see a Mo Ped in your rag. If we don't, we are going to break down the door of your office and tear up your joint if you haven't smoked it yet. Then we will use your love beads to hang you from the sissy bar on my Mo Ped. If you tear, burn, or lose this letter, then we are going to get mad. Girls 12 or 13 write. I will answer all letters.

BROOKS BARRON P.O. Box 1058 Bay Minette, Alabama 36507

Hah! We fooled you — we don't wear love beads — Mo Ped is all in your head! Satisfied?

I dig cycles (H-D), girls, and guns, (not always in that order) and your great mag. I am sorry to say I missed last Aug. '68 issue, so would you please tell me more about the Webley-Vickers 50/80 1200cc V-4 motorcycle?? Is it for real?? Is it that fast?? Is it for sale? And who do I write for more information about it??

HARLIE 319 W. North St. Galesburg, III. 61489

Go to your room!

I'm a 13 year old girl, dig boys, and cycles are groovy!! I have long brown hair and blue eyes. So any guy who is between 14 and 17, loves cycles, digs your mag and girls and is 5 9" or over, drop me a line. Please send picture. I am 35-24-35.

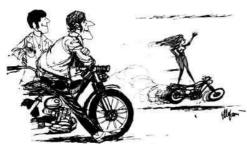

KATHY HAMM 1015 East Miller Bloomington, Indiana 47401

35-24-25?? What's that address again?

Hello, oh, there you are, I just read your April issue, loved "Ice Cycle" it's real cool. One complaint about the cover, where's the Ol' Poop's 1926 Indian?

TOM ROXBURGH

TOM ROXBURGH
Edmonton, Alberta, Canada
He wanted to try a different bike once!

No, I don't know who she is, but I LIKE her!

I think your mag is groovy. I am 12 years old and dig mini-bikes. My problem is how do I go about asking my Dad for a new one. Please answer this. Any girl between 10-12 please write me. My color hair is brown and my eyes are brown.

GLEN (SPEEDY)

DELAHAUSSAYE 504 Highway 14 West Delcambre, La.

Oh, just walk in and say, "Hi Dad, Man, you're groovy and the best Dad ever." . . . you go on from there.

Hi, friends, buddies, and all that. My brother and I take turns buying CYCLE-

toons, its the coolest. I like cycles next to boys, mini skirts, and basketball. If any boys want to write a wayout girl, brown eyes, brunetteage 14, please do. CINDY MOORES

718 N. 12th St. Gunnison, Colo. 81230

I thought I would drop a line to you guys so you could give the Ol' Poop a message. Tell him I think he's the grooviest ever but I for one just couldn't go out with him even though I really dig those Alphonso Bedoya pics. The reason is that although he is the most tantalizing hunk of man that I have ever seen, he just doesn't turn me on. Why? — cause when I go out with a guy I like to play with his hair and the Ol' Poop doesn't ever take off his helmet. Tell Hogg Ryder that I'd love to go anywhere with him. He brings out my mother instinct. OK, nuff of that. I want to congratulate you on your rag, it's absolutely fab. I really dig cycles and love the buddy seat. I'd love to go riding with some big, cute guy as far as his gas tank would take us. Well, if any of you male type readers would like to write to me, I'll sure answer. I'm 18 years old, 5 2", 125 pounds, light brown hair and blue eyes. If they want more information, write me. Keep those groovy CYCLEtoons coming. If you don't, I'll just have to ride off on my Kawasaki 350 Trail and disappear forever.

CAROL HEWITT 321 N. Mesa Verde Aztec, New Mexico 87410

Now we wouldn't want that!

'Ello, 'Ello, 'Ello, this here is Peter Powchik reporting from beautiful uptown Yonkers. Wanna talk about snow? Let's. When it snowed last Sunday, the Yonkers clean-up crew was so slow in getting started, that they didn't have to since half of it melted. But, seriously, my Benelli Dynamo Mini-Trail bike couldn't get through this 20" slosh. Also, this is a "I wanna girl" letter, so if any of you good lookin' birds wanna write a good lookin' guy, don't write me, but if you wanna write a 15 year old wino, write me. Girls, money, and CYCLEtoons forever, (in that order).

PETER PÓWCHIK 34 Burhans Ave. Yonkers, N.Y. 10701

We like your sense of order!

I am a reader of CYCLEtoons and I think it's the grooviest, an out of this world mag. I dig any mammas to write to. I'm a  $14\frac{1}{2}$  year old boy and I really like girls and I like bikes very much. I'm looking for any chicks that are interested in bikes and boys to write to. Like I say, I'm  $14\frac{1}{2}$  and going on 15 so any girls from the age of 13 to 15, please write to me.

MICHIEL DOSHIER Route 4 Elk City, Okla. 73644

Just read my first CYCLEtoons, April '69, and it's the greatest! 2Reelers are a gas — especially the one of the chicks on Harleys. I'm a real Harley fan. Hey, do gals really, I mean really, ride the "Big One" down there — and in skirts yet? I've wanted to for some time but never had the courage. Is it for real or posed? A few more pics like that one could give me the courage to get my own big mill. The only gals riding up here are on light weights. They just aren't living. Yours for more pictorial ecouragement.

CAROL LEIGH 695 Alpha St. Victoria, B.C. Naw, we just thought it would be good for a laugh — as for the chickens down here riding in skirts — no such luck! DARN IT!!

I had to write you a fan letter. The issue, (Oct. '68) has been around the house for a while. Last night I read it for lack of something else. Boy, I sure got a kick out of it. It's a delight. I liked the "Guide to Exotic Cycles (International)" and the "Mojave Endurance Race." I laughed my head off. My husband has the cycles, a Harley 74 and a Sprint. I sit on the back. We dig cycles because the kids can't go along. Our 15 year old rides the Sprint in the back yard and a few of our friends bought them since we got ours. Enough about me and my family. Thanks again for a good laugh.

BETTY CURTISS 5S. 549 N. Columbia Naperville, III.

Thanks for the nice letter!

I just love your mag. I am 14½ years old and I'd like a few chicks to drop me a line. I dig Greeves and Hondas Forever. Please keep Ol' Poop on the road and keep up the Webley-Vickers. Keep up the good work! Triumph Forever!

PETER PAGE

42 West Brookside Colorado Springs, Colo. 80906 If we don't watch that Ol' Stud, he'll put US on the macadam!

CYCLEtoons is really a great mag but why can't we have an issue every month instead of every other month? Is there any way I can get a subscription? Any guy 18 or over who has a good bike or is planning on getting one, drop me a line and I'll be sure to answer back. Send a picture if you have one.

SHARI SAUNDERS 5135 Windermere Ave. Norfolk, Va. 23513

Good Question!

Being located around rice paddies, the closest thing I come to two wheels is a Honda S 90. We don't have a wide assortment of literature around here. I do get lucky sometimes and grasp some motorcycle, surfing, and hot rod mags. I really get lucky and find SURFtoons, CARtoons, HOT ROD CARtoons, and now my first CYCLEtoons. What ever happened to Cycledelic? For all you chicks back there in the world that would like to write a 22 year old cat that races a 650 Triumph in the Southern California desert, give me a toot.

PFC LARRY BARLISH US56727794 HHC 1/18 1st Inf. Division APO San Francisco 96345

Be cool, Larry-O!

Hi, I really dig your mag. I also love those cartoons. What I really want to say is I'm getting sick of all the tuff boys around San Antonio. I would like some of you boys out there to write me. I'm 5'2", have long brown hair, blue eyes. I'm 14 years old. I love cycles and boys. So please write me a line or so.

CHERYL AYERS 150 W. Palfrey San Antonio, Texas 78223

Ah ha, San-Ann-Tone!!

Wanted: good looking female type to correspond affectionately with. I own a 1968 Pontiac GTO and a Yamaha 100 cc. I am 19 years old.

JOHN BRUNO 246 Weston U.R.H. Champaign, III. 61820 I just finished reading your April '69 issue, and Hogg Ryder in "Jam Up." I really dig him. I've been riding bikes since I was 8 years old. I use to race them but the doctor told me to hang it up after I dumped and got 3 brain concussions and 102 stitches! Now I just tool around on one of my bikes, either a Honda 305 radical chopper or a 1958 H.D. se mi chopped. Any bike lovin' women, 17-20, who wants to drop a couple of lines to a born biker, someday to be an outlaw biker, write me. Send pics of yourself.

MOUSE 5005 Cannon Blvd. Las Vegas, Nevada 89108

I just read the April '69 issue of CYCLEtoons and blew my head gasket. Like, man, it's phantasmagoica!!! I dig any kind of vehicle that will move over 60 mph. Since I am 15, I might as well say that I dig all groovy chicks between 13-15 that might dig me and my cartoonies. Well, I'll see ya later when I drop you a scwiggle and maybe a couple of cartoonies.

> JOHNNY BATHGATE RR#1 Skyline Rd. Westbank B.C., Canada

There's that word again!

One day I went to a friend's house and I saw one of your mags, picked it up and read it. Got to Hogg Ryder, WOW!
It was really cool. By the time I got to the half way spot, man, well I really dig those pin ups so keep up the good work, CYCLEtoons. I dig Honda Mini Trail and Honda 275cc and girls. FRANK CAMERON 625 W. 6th Street

Holtville, Calif.

Next issue we start with real chicks in those pin ups — How do that mangle up your nerve center?

I just finished reading the latest issue of CYCLEtoons and let me say I dig it the most, even though I am a girl. I think your mag is just groovy. Like it's out-a-site and as I said before, I dig it the most. So you lover boys just keep up the good work. If anybody, male or female, from 15 on, would like to write, to a fellow CYCLEtoons lover, it's A-OK on this end.

> JANICE M. WOODS 1214 Autumn Avenue Odessa, Texas 79760

And YOU'RE a groove on this end!

I'm a girl who has been in Germany for 1½ year. I would like you to make some cartoons about "The Graduate" and a bike. Can you do this? I would also like to write someone else who would like to write a girl 15, going on 16, and that digs your CYCLEtoons.

PAM WEBER Box 5 Verndale, Minn. 56481

But "The Graduate" didn't have any bikes in it - just older ladies!

Well, I just read the Feb. issue of CYCLEtoons and I thought I'd send a few comments. I thought Hogg Ryder was quite boss this time (it keeps getting better each issue) but the Photo Fliks you can kram in your ear. I'd also like to say that Bob Tarnowski who wrote in (page 8) is outta his gourd You can't beat an XLCH hog with an overgrown mini-bike such as a "hot" (cough cough) Honda 350, unless the XLCH has 2 flats, no gas, and is going backwards. I'm not knock-

ing Honda, it's just that Harley rules . . . ALL! Any boss, groovy, curvacious type female with a couple of minutes, please write me.

**BOB SADLER** 29737 Lake Road Bay Village, Ohio 44140

Thanks, Bob!

Here I am, me, my cycle, and a CYCLE-toons book to keep my hopes up. I've been writing these cotton-pickin' letters for four months now and either you guys don't publish them or they get lost in this Southern mail system of ours. You guys got a tough mag and Hogg Ryder and the Ol' Poop crack me up, but you should put in a bit more "2 Reelers" and more trail riding stuff. Well, keep up the good work and tell Peggy Babolts to keep trying. Save your Confedrate money because the South's gonna rise again.

ROBERT NICOLAY 417 16th Street New Orleans, La.

I finally broke down and spent my last 35¢ for this magazine. It's great! How about having some more "Scarlet Streak" cartoons. I'm 13 years old and dig cycles (any kind). I have a Rupp Mini-bike. If any of you girl type, 13-14, feel like writing, go ahead.

GARY SMIGIEL R.F.D. 1 River Rd. Preston, Conn.

Man, some people are just plain stupid. Take me, for instance. I don't know the difference between a Honda 50 and a 1000cc Harley. So all you beautiful smart chicks hatched 14 or 15 years ago, please explain. This applies to anybody with a cycle, boyfriend, dogs. I'm ugly. If you don't print this, my body will be offended.

GARY (WHO ME?) GUILES 6915 Westfield Place

Boise, Idaho 83704 Oh, Now! Ugly a C. T. reader can't be! I picked up your Feb. issue. I think it's pretty cool. "Hazardous Happenings" is in. You should put more into them. "Middle of the Roaders" is ok, too. Any girl type 12 years old, write me and send pictures, please.

**RON ROBERTS** 31545 Taylor Wayne, Mich. 48184

I have been waiting for your next issue since December 30th. If any one wants to buy a mini-bike, please write me. Its a Taco "22" chrome front shocks, black paint job, chrome exhaust pipe Briggs and Straton 3½ HP 127 cc or West bend 6½ HP, with b & s engine, \$100.00, with West Bend, \$150.00. Send for pictures and information. Now get down to business, if there is any female type people that want to write a Crumby Mini-bike salesman, please write. By the way, I'm 14½. If possible get this "hunk" in CYCLEtoons. I got to get money!! Who doesn't? If possible, could you get it in the next issue.

J. P. JONES 237 Via Alamda Redondo Beach, Calif. 90277 Soon as we can, man!

Today I happened to have read my brother's copy of CYCLEtoons and I had to write to you to tell you how much I enjoyed it. I would also like to hear from boys 16 and up. I'm 17. Will answer

DAWN MORGAN 2128 Monterey Blvd. Hermosa Beach, Calif. 90254 By the Dawn's early light!

One day after school, I walked into my friendly neighborhood drugstore bored stiff. I looked upon the shelf and saw your mag. I was interested in the cover by Hinton and bought it. That was one of the best investments of my life! After reading it, I bought every copy I could. Your mag is one of the best on the market. My favorite part is the art. Your fan until the Ol' Poop loses a girl to

PHIL WOOLEVER THANKS, Man, you're a cool number!

Hogg.

l'm a  $13\frac{1}{2}$  year old male. l'm in the market for a Jan. issue of your mag. I missed it. Your Oct. issue was somethin' else. Poof! I am also in the market for a broad. Any chicks out there between 12-14 feel like scratchin' a pad, scroll a letter or two. Please send pic. Hogg Ryder for President!

**DOUG BARNES** 322 Thompson Drive St. James, Winipeg Man., Canada

Well, I just went out to the nearest Circle K Market and bought your April issue. One look at your contest for the female types and I said why don't they make one for the male types. Anyway, are you going to make it possible for a date with Incredible Tanya, Hope so. STEVE LEE

483 Park Ave. El Centro, Calif. 92243
The Ol' Poop has that account cornered! Sorry . . .

I would like a date with the Ol' Poop because . . . (1) I've never seen Fargo, (2) I got this hang-up with A-W Rootbeer stand and (3) I'm hooked on the root beer habit.

**NORMA CAPPS** Rt. 3 Lebanon, Mo. 6553 6 How'd this get in here?

Hey man, I think your mag is real cool. As we say here in Viet Nam, it's number 1. I will answer any letters from females. I am 18 years old and I miss my Harley 74.

## CACLE-CHIXIS

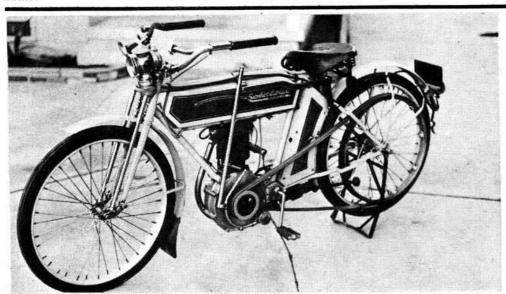

This months interview is a little off-beat, we are interviewing LANCE, a 1911 Excelsior Auto Cycle, a first in any cycle book

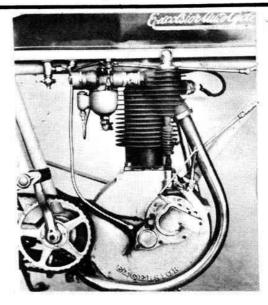

- O. First off, what should we call you?
- A. Oh, anything you'd like, as long as it's masculine . . . y'see I'm a boy bike!
- Q. Does Fred sound alright?
- A. Actually I was kind of hoping you'd drop a Steve or maybe a Lance on me!
- Q. Fine, we'll call you Lance!
- A. Groovy! Lance is such a gutsy name!

- Q. First of all Lance, how old are you?
- A. That's kind of a silly question Be-Be, if I was made in 1911 and this is 1969, figure it out!
- Q. We were hoping you'd do that for us, since we didn't do too well at Math!
- A. Look, it's really unimportant, it's how old I FEEL, and so I'd say that I was, oh, 20!
- Q. You're sort of a philosophical type of machine aren't you?

- A. That's right Trick-o, and not too many modern machines can say that!
- Q. What is your opinion of the modern bike?
- A. Ah, I reckon most of them are O.K. but as the old-saying goes, "They don't make 'em like they used t'."
- Q. You feel that the new machines aren't constructed as well as you were?
- A. Oh, no, the construction is excellent, it's the outlook that bug's me, these kids today don't know what hard

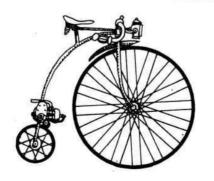

You'll notice that I had a downswept exhaust pipe! A real first! Now dig that power band! These bikes today with all that foolishness like chains and automatic clutches . . . and dig the lever control, I could adjust to any condition, no big overdone things, I was straight and ready, no frills or silliness!

Here's a picture of my face in 1911. See the simple, clean, bold lines, wherein lies the reflection of my sterling character! Have to admit, it got a bit rough shaving! work is! I mean we've got the brightest group of cycles this world's ever seen but they are weak inside, y'know . . . like when I was a kid I'd go 10,000 miles without a lube or oil change.

- Q. Isn't that a bit risky?
- A. Hmmppff, see you're even just a bit of a sissy yourself, Harpo!
- Q. Just a moment, you used the word "Harpo." We have a character in this book who uses that same expression, the Ol' Poop. Have you ever heard of him?
- A. Hah! Heard of him? Sonny I was his first bike!
- Q. Tell us a little about him, we feel our readers would enjoy hearing about the ol' coot!
- A. Tsk, you young people today!! The Ol' Poop isn't OLD! Sure he may LOOK old but that stud is the swingingest dude to ever handle a Harley!
- Q. We thought he rode a 1926 Indian!
- A. He's ridden 'em ALL Trick-o, but anyhow he was about 5 years old when we met and I could see a future Great rider in him.
- Q. You mean he was 5 YEARS OLD when he first rode?
- A. Sure, how'd you think he'd be able to out-ride that twit of what you call a hero, Hogg Ryder? But it only took him a month before he'd moved on to bigger things. It was an honor just knowing him.
- Q. Confidentially, how old is he?
- A. That, BeBe is the best kept secret of this century, and if I did know I wouldn't tell you!
- Q. And why not?
- A. Oh, I don't know, call it my contribution to the generation gap.
- Q. What is your thought on the generation gap, Lance?
- A. I think it's great, the old folks need those cocky young kids to keep 'em on their toes and the kids need the order of the old people to keep 'em in line, but it will all work out!
- Q. It will?
- A. Sure Harpo, this thing has been going on since Adam and Eve, I wouldn't worry about it!

- Q. We've sort of gotten off the track, tell us more about the bikes today as compared to your day.
- A. Certainly! Well, like I was saying, these wheels today are GOOD, let no one say that they ain't, but they lack the stamina we had. I mean, what is the point of having three or four cylinders? What have you got? Speed and all that gets you is tickets. In my day it was performance that was important.
- Q. Many of the cycles on the road today are tops in performance, that answer is a bit silly.
- A. Not really, Trick-o . . . these kids today lack Elan!
- Q. What's that mean?
- A. Looks like the education system isn't too hot either!
- Q. But the bikes are engineering marvels, how can you say that?
- A. Oh sure, but they are all the same, no real rugged individuals. You see a bike on the street today and it's just another cycle. In my day people would quake with fear when I rode down a main street wide open.
- Q. But Lance, the times have changed!
- A. The times don't change Harpo, the people do!
- Q. Will you please stop?
- A. See how you are today, cold, impersonal . . . you don't know how to really live, and that goes for these so-called motorcycles!
- Q. Look, let's get back to some line of questioning . . . for instance how do you feel about the cycle being a symbol of rebellion?

Symbol of rebellion?

A. Well, Trick-o . . . I think that Madison Ave. got in the act somewhere and got all these kids thinking that a bike is some big way to, as you'd say, "put everyone on." Heck, a motorcycle ain't nothing but transportation!

- Q. Do you feel that people who ride bikes are looking for attention?
- A. They ain't looking for gold! Sure they're looking to get looked at! You got a better and more fun way. Did Dr. Freud ever pop a wheelie on a real hot bike? You can bet your Beezer he didn't! If he had of he'd been a lot happier instead of sittin' on his chair worrying about his Mother!
- Q. We take it you don't dig Psychology?
- A. Only with mustard, BeBe!
- Q. So, you feel that people who ride are looking for attention?
- A. And what's wrong with a little ego-trip? Some punk kid out showing off for the honies ain't bad, just might keep him outta jail . . . Plus riding is fun . . . just plain FUN!
- Q. Did you ever see that movie, The Wild One?
- A. Who do you think they asked to be tech advisor, Trick-o? But, I didn't like it!
- Q. Why?
- A. Ah, they kept showing that girl with the big eyes and that pouting fellow . . . not enough about cycles!
- Q. Well, Lance we seem to be running out of space, is there anything you'd like to say before we go?
- A. Just this: You people out there, reading this, try to be strong and find something you can believe in, something you can be, that's clean, decent, honest! Don't sell out, always stay on the right side of the street and the law, be truthful with yourself and you'll be truthful with others! Stand tall in the light of the right! Listen to your parents and . . .

#### Q. SAY GOODNIGHT LANCE!!!

A. Goodnight Lance.

Just want to say I really dig your mag. Our town is so small, they don't sell mags of any kind but I read your rag everytime I go to my sister's. We're really turned on by CYCLEtoons. Any boy type Honda lover who would like to write a 16 year old bike lover please feel free. Keep the groovy mag rollin.'
It's the greatest! **DORIE HITES** 

P.O. Box 188 Holmesville, Ohio We're turned on by doing C. T.!!

I dig your mag, like real deep. It's the grooviest. Any of you chicks out there in cycle land like to fill me in on what's happening, drop me a line. I'm 17. I groove on girl types, 16-20 real good. Keep writin' that mag, pop.

MICHAEL BOOTH

Aiken, S. C. 29801
Deep? Now we KNOW we got character!

Guys — I am a blonde, green eyes 16 year old who would like to correspond with a 16-17 year old boy. If you want to send pics, ok, but not necessary. I will answer all letters. I love your mag especially Hogg Ryder! Keep up the great work.

MARY JANE P.O. Box 1402 Olympia, Wash. 98501

You have an interesting name!!

I really dig your mag. It is really considered the most around here. I am a 14 year old girl type motorcycle fiend. I really dig B.S.A.'s As soon as I'm old enough, I'll have one, probably a Tri-umph or B.S.A. The thing I really dig about your April '69 mag was the picture that Bob Farmer contributed to your mag.
DARCY HARDY

3038 State Rd. Lansing, Mich. 48906 Yeah, Ol' Bob is far . . . . out!

Your April issue was fab for 3 main reasons: (1) the beautiful cover, (2) Hogg Ryder, and (3) Mike Dormer's "New Member." Now the suggestions, let the Hogg Ryder story last longer than only 4 pages, let's say, 6, 8, or even 10 pages long. The "Scarlet Streak" should be 2 pages long instead of the one now given it. And, last, let's have lots more of Mike Dormer's art. He and Jim Willoughby are about the best you've got.

DAN WILDER 14 Ridgewood Circle Jupiter, Fla. 33458

Let me see that map again!

We have plans for future Dormer things, and we're thinking of expanding S. S. to two pages . . . As for 10 pages of Hogg . . . that would give the Ol' Poop 6 more chances to clean Hogg's clock. C'mon, kid, Have a heart!

Just thought I would let you know about your April mag, it was ok but Ol' Poop has been pushing his 1926 Indian too much, but let's get to facts of motors. Why don't you say anything about big Sears motors, got something against them? Tell any girl 16-18 to drop me a line, any time.

**CHARLES L. GARNER** 239 Galway San Antonio, Texas 78223

No. they're cool!

Hello, CYCLEtoon lovers, few as you may be, I'm a girl type cycle nut. I just read CYCLEtoons and I'm really happy, not because of the mag but because of the those other lonely girls who are looking for pen pals, but your mag is tops. If you are a lonely boy type person, please write me. I'm 13 and have got long gold brown hair, with brown eyes to match, so any boys, 13-15, write. What happened to all you Edmonton people? Well write, me please.

SUSAN OANCIA R.R. #2, Box 16 South Edmonton, Alberta, Canada

I just got your April mag, about 1 hour ago at the Drag shop. While I was there, I bought HOT ROD CARtoons. I dig all of the gang who put out this example of doing your own thing. I only have one question. Why don't you put Hogg Ryder in more stories? If you don't care, would you put Hogg Ryder on a mini bike or something, or even put out more mini stories, ok?

**GARRY HAMMOND** #2 Ashville, Ohio 43103

Don't you feel Hogg Ryder has problems

CYCLEtoons and Webley-Vickers are the bossest!! Keep up the goooooood work. JOHN ROGERS Illinois

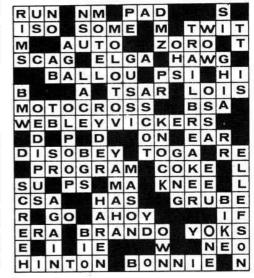

OK, John!

Wanted: any good looking girl who is interested in a nice cute boy. I just got through with your April issue. Baby, it's hip. Keep up the great work. MARC BROWN

1552 Lehr Drive Memphis, Tenn. 38116 See where he hath made his Marc?? Your mag is great. I really dig Trimuphs, and boys. Any of you groovy boys who dig cycles, please write. I'll answer all letters. Cycles forever.

SUE 1312 Cadillac Dr. Daytona Beach, Fla. 32017

Sue you will!

I read your Hogg Ryder and I think he's the coolest man on two wheels. He still has fire in his furnace and I'm all for that, So, if there are any males between 20-25 that are longing to write to a swinging 21 year old chick, get to it man.
DONNA HIGGINS

701 Lowry Stillwater, Okla. 74074 FIRE IN HIS FURNACE??

Just thought I'd drop you clods a line to tell you that I think the corruption in your rag is outastite. CYCLEtoons is the heaviest pile of reprocessed lumber I've ever laid my beautiful browns on. I live to read Hogg Ryder. Too bad Hogg always gets shut down by Ol' Poop, though. I also dig Slyde McSickle and Cycle Chix. But, when I saw Henrietta Hawgg (blech!) in the April issue, well, all I can say is: I CAN'T HACK IT!! Those nitty-grittywitty little ditties you type in fine print in your book are pretty cool, too!! Any of you uptight broads who could cut writin' to a 16 year old clod who hikes a round on an extremely fast T-500 Suzuki, let's hear from ya! In closing, I would like to say that Ol' Poop has a sexy mug, and keep your mag in circulation.

PETE LESSERE 102 Maple Drive Cullman, Alabama You're too much, Pedro!

Just thought I'd drop you a line telling you how good your mag is. I dig Harley choppers and extended forks. You should print your mag monthly because it is really wild.

JOEY (AWFUL) ANDROSHICK Member of the Iron Coffins 401 Hamilton Blvd. South Plainfield, N.J.

Yeah, that would be a trip - but as it is . . . we stay on a bi-monthly bit!

Just sittin' there the Success is darn attractive to folks. Racy, clean lines that always look a li'l impatient to get it on. Lean, to-the-point beauty that has no frills and silliness popping out all over it. Just sittin' there the Success is groovy. But the Success wasn't built for just sittin'. Under all that

racy look is a rugged frame that's an engineering marvel. With all kinds of other neat-o goodies, like a front fork that is really a fork and other things, like wheels! And what an engine; when you kick it over it makes that sound that good engines make, y'know . . . Vrummmm! Oh, one more thing,

the Success is also attractive to the police, if you ride it sixty in a twenty-five like the clown above did. So if you plan on buying a Success, then be cool baby, otherwise we can only say: If you plan on buying a Success, we hope you like cops!
